

GIT Australia welcomed delegates from Tribhuvan University (Nepal)

GIT Australia welcomed Senior Management Team from Institute of Medicine, Tribhuvan University of Nepal on 9th February 2011. The Senior Management Team, which included Professor Dr Arum Sayami – Dean, Dr K.P. Singh- Director, Professor Dr. Ram Prasad Uprety – Campus Chief and Dr Pratap Prasad- Chief of Emergency Department, were here in Melbourne to participate in the bilateral relationship

meetings and business development program between ICEM (Australasian Colleges of Emergency medicines) and the emergency department of Teaching Hospital in Kathmandu Nepal from 5th of February to 10th of February 2011.

During their visit the Senior Management Team visited GIT Australia campus at 28 Elizabeth Street and discussed about strengthening ties between two institutions. Both parties agreed to contin-

Both parties agreed to continue their communication and strengthen relationship and explore further opportunities of extending GIT Australia courses in IOM in Nepal or vice versa.

ue their communication and strengthen relationship and explore further opportunities of extending GIT Australia courses in IOM in Nepal or vice versa. Dr Susan Jones, Director of Studies at GIT Australia highlighted the importance of bilateral relation-

ship, explained the Australian standard and compliances issue about the Australian education standard to IOM delegates. The meeting between GIT Australia and the Nepalese delegates was very productive.
